SCALEO® J

The value PC for modern families

Issue July 2006

Pages 2

From homework to home office, surfing the internet, editing digital photos or burning DVDs, SCALEO J is the multimedia PC with bags of computing power for busy families. SCALEO J has been priced for the tightest of budgets but still boasts a compact and stylish design and is packed with digital connectivity features – including FireWire and USB. Easy to use and ergonomically designed, SCALEO J is the ideal value PC for every home.

- Multimedia technology at a budget price
- Great looking design
- Powerful processor and great graphics
- Lots of memory
- Ideal for daily home and home office use

DVD player software

1) Not all Windows Vista™ features are available for use on all Windows Vista Capable PCs. All Windows Vista Capable PCs will run the core experiences of Windows Vista, such as innovations in organizing and finding information, security, and reliability. Some features available in premium editions of Windows Vista - like the new Windows® Aero™ user interface - require advanced or additional hardware. Check www.windowsvista.com/getready for details.
2) If Windows Vista™ capable is running on your SCALEO J is dependant on the according configuration.
